

God Wants Us to Live Life with Others

God has put special people in all your life: friends, family, neighbors...all kinds of people! And He wants you to spend time with others, love others, serve others, and go through tough times together. He wants you to share your life with other people, instead of doing everything alone! Watch this video of Jesus, and see how He chooses to share his life with other people. Pay attention and see if it's a choice!

Watch: [Jesus Calls His First Disciples](#)

Can you believe it? Even though Jesus is God's Son, and He can do ANYTHING, He chose to live His life with other people. God wants the same for us! Think about it: how fun would it be if you only played by yourself for the rest of your life?! It would be no fun at all! But it's not just PLAY that's more fun with people. God made us to rely on each other, and stick together, and help each other through tough things. A life without people is no life at all! Jesus knew this. Even though He COULD have done everything on His own, and just relied on Himself all the time, He **CHOSE** to spend time with people. He **CHOSE** to love them, serve them, and even ask them for help. And He wants us to choose the same.

Discuss: ● Who are your best friends? Why do you like to play with them?

- Who did Jesus trust and rely on? Who were his friends?
- Why do you think God wants us to have other people in our life, instead of doing things alone?

God wants us to live a full, adventurous, joy-filled life that has meaning. He wants us to play, he wants us to live our our purpose, and he wants us to live life with PEOPLE. Here's the verse to remind us of this! John 10:10b *"I have come that you may have life, and have it to the full!"*

Do: Do life with someone this week by making a mural with a family member or friend. Maybe you can't see that someone in person, but you can mail a project back and forth! Call a friend, send a letter, and remember that, even now, during a pandemic, God has given you people to do life with.

Pray: God, thank you for the people you've given us to do life with. Continue to show us ways to connect with others, even during this time. We love you. Amen!
